# Celebrating Life

## IT'S WHAT WE DO!

Jordash began as a creative endeavour by an entrepreneurial mom who made the decision to be at home with her young family. From the beginning, this was a company that had the greatest respect for nature, beauty and design excellence with a very conscious awareness of the importance of good value. Over the years, much has changed and the small fledgling business grew and changed naturally.

The love of nature, fine art and sculpture led to a wholesale line of garden art and the birth of the beautiful gallery located at one of the most spectacular locations on the protected Oak Ridges Moraine in Schomberg, Ontario. Our newest venture is this catalogue which we hope you will take the time to look through and shop from. We would love you to visit at the gallery since this is just a small sample of all that is available.

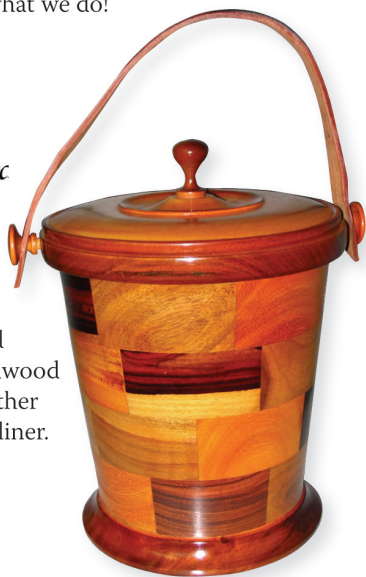

Many unique items never make it to the website at [www.jordashinc.com](http://www.jordashinc.com) nor can they be put into a catalogue so if you can, do visit us. Although most of our fine art is of Canadian origin, we do have other artwork from around the world. We also participate with a fair trade organization to help improve the lives of the 65% of the population that suffer from malnutrition in parts of Nicaragua. Their art and sculpture will take your breath away. The inlaid wood ice bucket with plastic liner (shown below) is one of those pieces. Made of recycled tropical hardwood, the craftsmanship is truly amazing. And the price too!

This year, as the season of decorating and gift-giving arrives, we would like you to think of us. We have great values and we celebrate life. It's what we do!

Patricia Easton  
President  
Jordash Inc.
